

Callaformia Callas[®]

Name: **SUPER IVORY** R*

Type: Spring Calla

Color: White

Use: Cut

Availability:

Early	Mid	Late
-------	-----	------

- Features:
- Hybrid white with no blush
 - 2" - 2^{1/2}" blooms & 2^{1/2}" - 3^{1/2}" cup
 - Smooth flower with minimum decurve

Description: Almost white, it can't be grouped with the likes of the best whites, though some might mistake it for just that. It produces long-lasting and well-formed 2-2^{1/2} " flowers. Leaves are non-maculated, plain green and lanceolate.
